-
Call to order: 5:15pm

-
Public Comment: Peter Cook: I am interested in getting involved in the community center assessment and updates if you are willing to have me lend a hand. I will research the history of the building, when updates were last made etc, anything that will help the commission in assessing what the building is worth.

-
New Business A) Suzanne's Garden Update: David Gardner, filling in for Brian Carlson. Need signatures on Suzanne's Garden Property, the town have acquired through the PARC grant. David Gardner: The town and the recreation department will now have to sit down and make a maintenance plan to up keep the garden, which the recreation commission will participate in.

B) Treg – I am very glad to have peter here and volunteering to research all the information on the community center, the more information the better. Please gather all info and report back to the commission when it is available.

Old Business:

None

Directors Report:

A) I will be looking to update, repair, and fix all problems with our skate park and Playgrounds. I know for sure that we will be needing to purchase a new playground structure for the east end playground, and repair a couple minor problems with the West end playground and skate park. Over the past three years, we have accumulated a decent amount of money from both adult and children programs, and I think it we need to spend this money on the playgrounds. They have been neglected for many years, and it is time to update them, because I would assume there are some safety hazards that we need to address.

Carrie- I think that would be a great idea, I am in support of updating the playgrounds, the east end has been is disarray for many years, its time.

Brandon- I will be meeting with reps from different playground companies trying to get an idea of

what is needed, and bringing in quotes from those companies.

Carrie- It would also be beneficial to also sit down with buildings and ground and make up a maintenance plan for all recreation facilities, instead of replacing equipment etc, every five years or so.

Brandon – I will be sitting down with Sandy Turner and Tony Lemme to make up maintenance plans for all recreation facilities as soon as the repairs to the playgrounds are repaired.
